

To implementing organisations that send volunteers to countries of the global South via “weltwärts” and/or take in volunteers from there.

Berlin, 25 April 2022

Save the date:

Worldwide partner conference in Berlin/Germany, from 21 to 25 November 2022

Dear representatives of the “weltwärts” implementing organisations that send volunteers to countries of the global South via “weltwärts” and/or accept volunteers from there,

On behalf of the Federal Ministry for Economic Cooperation and Development (BMZ) and the Programme Steering Committee (PSC) of the “weltwärts” programme, we would like to announce the third partner conference in Germany.

This will take place from 21 to 25 November 2022 in Berlin, Germany, to which members of the implementing and partner organisations from all “weltwärts” partner countries will be invited.

Partner conferences reinforce the collaboration and networking of partner organisations from the countries of the Global South and the German implementing organisations. In addition, they offer an excellent opportunity to discuss program-related questions with representatives of partner organisations and the PSC.

Partner organisations can participate in the partner conference regardless of whether their implementing organisation takes part. Implementing organisations are also invited to the conference if at least one of their partner organisations takes part. It is recommended that cooperating implementing and partner organisations jointly attend the partner conference. For ecological and resource-saving reasons, it is recommended that Partner organisations combine participation in a partner conference with intermediate seminars and/or partner visits.

Please understand that normally only one person from each organisation can attend the conference.

The conference will cover the subjects of Topics of cooperation and networking of the participating “weltwärts” actors, the improvement of the program quality of the two components North-South and South-North and crisis management in a changed world.

The conference will be held primarily in English. There will probably be a translation for Spanish and French-speaking participants as well.
